#### **Question:**

A man sent a message to the Mf sahb stating: I'm giving my wife talaq, please come see me. He said he had no intention of talaq. Does talaq take place?

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

#### **In the name of Allah, the Most Gracious, the Most Merciful**

#### **Answer:**

The words that are used to accept that Talaq has taken place are either past tense words or present tense words.<sup>1</sup>Future tense words will not be considered due to the action itself has not been completed at the time.

A person will not be accountable for something that he has not yet completed thus the Talaq in this case has not taken place.The intentions of the husband will also be considered and he will be given the benefit of the doubt in this instance due to there being insufficient cause to validate a Talaq.<sup>2</sup>
